

METHODS AND SYSTEMS FOR PERFORMING ACQUISITION INTEGRATION

ABSTRACT OF THE DISCLOSURE

Systems and methods that facilitate integration of one corporate entity into another corporate entity are described herein. In one embodiment, a method in a computer for generating an acquisition integration project plan includes displaying a plurality of pre-defined integration events based upon at least one user selected integration area, each pre-defined integration event being associated with a phase in an acquisition process, displaying at least one user selected, pre-defined integration event for each user selected integration area, displaying at least one of a name of a person responsible, a due date, a completion percentage, and a commentary for each user selected, pre-defined integration event, and storing the user selected, pre-defined integration events and corresponding integration areas as an acquisition integration project plan.
